

## List of National Identification Numbers (NID) for Natural Authorized Representatives

Please provide the corresponding identification number for the authorized natural person, which is listed as the ‘first priority identifier’ under the corresponding nationality of the person, in the enclosed reply form.

Should the authorized representative not be in possession of the ‘first priority identifier’ document, please refer to the column ‘second priority identifier’ and report the corresponding identification number.

If the term ‘CONCAT’ is listed under the corresponding nationality, it is necessary to fill in the form fields “Name, Surname”, “Date of Birth” and “Nationality” on the reply form. The NORD/LB will use this information to create an individual identification number for your authorized representative according to European guidelines.

If you possess both EEA-citizenship and a non-EEA- citizenship, please report the National ID of the nationality that you can find in the table above.
