Risk weights of covered bonds

Authors: Melanie Kiene, CIIA // Dr Frederik Kunze

Risk weights as the starting point for risk-weighted assets

The Capital Requirements Regulation (CRR) includes provisions on calculating the capital requirements for credit institutions that follow the credit risk standardised approach (CRSA) to determine the risk weightings of covered bonds, among other assets. Establishing the relevant risk weighting is important insofar as, under the CRSA, the risk-weighted portion of an asset is obtained from multiplication of the position's value and the risk weighting. The sum of all the portions results in the risk-weighted assets (RWA), which must be backed accordingly by equity capital. In addition to the UCITS-compliant issuance of covered bonds, collateralisation by eligible cover assets and appropriately transparent cover pool reporting, rating assessments of a risk position in particular play an important role in determining the risk weighting of a covered bond. The Credit Quality Step system used for this purpose and the other conditions for preferential risk weighting of covered bonds are dealt with below. Preliminary remark: The statements in this publication refer to the laws and requirements applicable at the time of going to press.

Compliance with Article 52(4) UCITS Directive required for preferential risk weighting

Covered bonds are generally eligible for preferential treatment in relation to risk weighting under the credit risk standardised approach. The requirements that a bond has to meet in order to comply with this are laid down in [Article 129 CRR](#). To this end, it has been stipulated that only bonds issued in accordance with [Article 52\(4\) of the UCITS Directive](#) can benefit from more favourable treatment. The relevant Article defines requirements for covered bonds, even though this definition under the UCITS Directive may not initially be seen in connection with establishing risk weightings or other regulatory metrics. Instead, Article 52(4) provides that undertakings for collective investment in transferable securities (UCITS) may, under certain conditions, hold a higher proportion of certain bonds. At present, however, the Article serves in many cases as a basis for defining covered bonds. Accordingly, it involves a covered bond within the meaning of Article 52(4) of the UCITS Directive if:

- i) the bond was issued by a credit institution which has its registered office in the European Economic Area (EEA),
- ii) the institution is subject to special public supervision designed to protect investors,
- iii) the sums deriving from the issue of those bonds are invested in accordance with the law in assets which, during the whole period of validity of the bonds, are capable of covering claims attaching to the bonds,
- iv) and in the event of issuer default, the assets would be used on a priority basis for servicing the creditors of the bond.

The aforementioned regulation was already adapted to the CB Directive in January 2020, but is currently not yet applicable. It also follows from the requirements of Article 52(4) that covered bonds issued outside the eurozone may under no circumstances be UCITS-compliant.

Article 129 CRR defines eligible cover assets

Furthermore, UCITS-compliant covered bonds must be covered by the assets defined in Article 129(1) CRR in order to be considered for preferential risk weighting. Eligible mortgage collateral includes, but is not limited to:

- i) residential property (LTV limit 80%),
- ii) commercial immovable property (LTV limit 60%, in exceptional cases up to 70%),
- iii) guaranteed French real estate loans (LTV limit 80%) and
- iv) loans secured by maritime liens on ships (LTV limit 60%).

Exposures and exposures guaranteed by the relevant entity that qualify for Credit Quality Step 1 are eligible as public collateral from the European Economic Area (EEA) in respect of:

- i) central governments,
- ii) Institutions part of the ESCB (European System of Central Banks),
- iii) public sector entities or
- iv) regional governments or local authorities.

Likewise, CQS 1 public collateral from third countries may also be used as cover if this is exposure to or guaranteed by:

- i) a central government, or
- ii) a central bank.

The same applies to multilateral development banks and international organisations that qualify for Credit Quality Step 1. In addition, if certain criteria are met, exposures to public sector entities or regional governments or local authorities of non-EEA countries, or exposures guaranteed by them, may also be used as cover assets. If the exposures to third-country institutions, multilateral development banks or international organisations qualify for Credit Quality Step 2, their volume is limited to 20% of the outstanding covered bonds. Furthermore, exposures to CQS 1 institutions qualify as cover assets if they do not account for more than 15% of the nominal value of the outstanding covered bonds. Exposures to institutions in the EEA with a residual maturity not exceeding 100 days do not have to correspond to the highest credit rating, but must at least be assigned to Credit Quality Step 2. Liens on aircraft and loans to small and medium-sized enterprises (SMEs) are not included in Article 129(1) CRR, and therefore are not eligible for inclusion in the cover pool so as to benefit from a preferential risk weighting.

Regular and adequate cover pool reporting required

In addition to limiting eligible cover assets, covered bonds must also fulfil requirements in relation to transparency. According to Article 129(7) CRR, in order to benefit from a preferential risk weighting, investors in covered bonds must be able to demonstrably prove the following aspects of the respective covered bond programme to the competent supervisory authority every six months:

- i) Value of the cover pool and outstanding covered bonds,
- ii) The geographical distribution and type of cover assets, loan size, interest rate and currency risks,
- iii) The maturity structure of cover assets and covered bonds,
- iv) The percentage of loans more than ninety days past due.

Rating assessments as fourth decisive factor

Fulfilment of the three requirements discussed above constitutes a necessary condition for a preferential risk weighting of covered bonds. As a further and decisive factor in determining the risk weighting, Article 129(4) and (5) CRR lay down requirements with regard to rating assessments. While paragraph 4 applies risk weighting in the case of at least one existing rating assessment, paragraph 5 applies risk weighting in the case where a covered bond does not have a rating.

Determining the Credit Quality Step for more than one recognised rating assessment

Rating 2		CQS 1				CQS 2			CQS 3

Deriving the Credit Quality Step of a covered bond

Rating assessments are always taken into account using the Credit Quality Step system, which is laid down in [Regulation 2016/1799](#). A total of six different credit rating categories are assigned through ratings issued by recognised [External Credit Assessment Institutions \(ECAI\)](#) (see also: [Mapping of rating assessments](#)). Since risk positions can in principle have several ECAI ratings, a new mapping is required to determine the Credit Quality Step (CQS) if there is more than one rating available (see table above). Irrespective of the number of eligible ratings, [Article 138 CRR](#) is key to determining the Credit Quality Step. If two ratings are available for a risk position, the applicable rating shall be the one resulting in the higher of the two possible risk weightings, if the two ratings differ (see table). A higher risk weighting is equivalent to a lower credit rating. In this respect, we understand an AA-equivalent rating to be lower than an AAA-equivalent rating. If more than two ratings are available for a risk position, the two ratings resulting in the lowest risk weighting, i.e. the two highest ratings, are applicable. If these two assessments differ from each other, the Credit Quality Step is determined on the basis of the rating (out of these two ratings) that results in the higher risk weighting. It follows from the requirements of Article 138 CRR that only the two highest ratings, if available, are relevant to determining the Credit Quality Step according to CRR, even if a position has more than two ECAI ratings. The resulting simplification of CQS provisions is shown in the table; no distinction is made with regard to the rating grades of individual agencies. Mapping of these equivalence ratings is shown in the Mapping of rating assessments table.

Best rating and fulfilment of all requirements leads to a risk weighting of 10%

If the requirements relating to i) UCITS compliance, ii) eligible cover assets and iii) cover pool reporting are deemed to have been met, the preferential risk weighting is determined on the basis of the corresponding Credit Quality Step of the issue in accordance with Article 129(4) CRR, assuming that at least one ECAI rating assessment is available. Accordingly, covered bonds that qualify for Credit Quality Step 1 can benefit from a preferential risk weighting of 10%. If, on the other hand, the creditworthiness of a covered bond corresponds only to Credit Quality Step 2, the risk weighting increases to 20%. This also applies to bonds that qualify for Credit Quality Step 3.

Risk weighting of covered bonds according to Article 129(4) CRR: necessary conditions met; ECAI rating

Credit Quality Step	Covered bond rating			Risk weighting of covered bonds; with rating
	Fitch / S&P	Moody's	DBRS	
1	AAA to AA-	Aaa to Aa3	AAA to AA (low)	10%
2	A+ to A-	A1 to A3	A (high) to A (low)	20%
3	BBB+ to BBB-	Baa1 to Baa3	BBB (high) to BBB (low)	20%
4	BB+ to BB-	Ba1 to Ba3	BB (high) to BB (low)	50%
5	B+ to B-	B1 to B3	B (high) to B (low)	50%
6	≤CCC+	≤Caa1	≤CCC (high)	100%

Source: Regulation 2016/1799, CRR, NORD/LB Markets Strategy & Floor Research

Unrated bonds can also benefit from preferential risk weighting

If a covered bond meets the requirements i) to iii) of the previous paragraph, but does not have a rating by a recognised ECAI, this does not automatically result in an increased risk weighting for the bond. Instead, the senior unsecured credit rating of the issuer must be taken into account in this case. For this purpose, the corresponding Credit Quality Step of unsecured risk positions is first determined and then the relevant covered bond risk weighting is derived from this step. It follows that, in the event that senior unsecured bonds and covered bonds are assigned to the same Credit Quality Step, there will be no regulatory disadvantage due to the lack of rating assessment.

Risk weighting of covered bonds according to Article 129(5) CRR: necessary conditions met; no ECAI rating

Credit Quality Step	Senior unsecured rating			Risk weighting senior unsecured		Risk weighting of covered bonds; without rating
	Fitch / S&P	Moody's	DBRS			
1	AAA to AA-	Aaa to Aa3	AAA to AA (low)	20%	→	10%
2	A+ to A-	A1 to A3	A (high) to A (low)	50%	→	20%
3	BBB+ to BBB-	Baa1 to Baa3	BBB (high) to BBB (low)	50%	→	20%
4	BB+ to BB-	Ba1 to Ba3	BB (high) to BB (low)	100%	→	50%
5	B+ to B-	B1 to B3	B (high) to B (low)	100%	→	50%
6	≤CCC+	≤Caa1	≤CCC (high)	150%	→	100%

Risk weighting of covered bonds according to Articles 120 and 121 CRR: necessary conditions not met

Credit Quality Step	Covered bond or sovereign rating			Risk weighting of covered bonds; with rating, Art. 120	Risk weighting of covered bonds; without rating ¹ , Art. 121
	Fitch / S&P	Moody's	DBRS		
1	AAA to AA-	Aaa to Aa3	AAA to AA (low)	20%	20%
2	A+ to A-	A1 to A3	A (high) to A (low)	50%	50%
3	BBB+ to BBB-	Baa1 to Baa3	BBB (high) to BBB (low)	50%	100%
4	BB+ to BB-	Ba1 to Ba3	BB (high) to BB (low)	100%	100%
5	B+ to B-	B1 to B3	B (high) to B (low)	100%	100%
6	≤CCC+	≤Caa1	≤CCC (high)	150%	150%

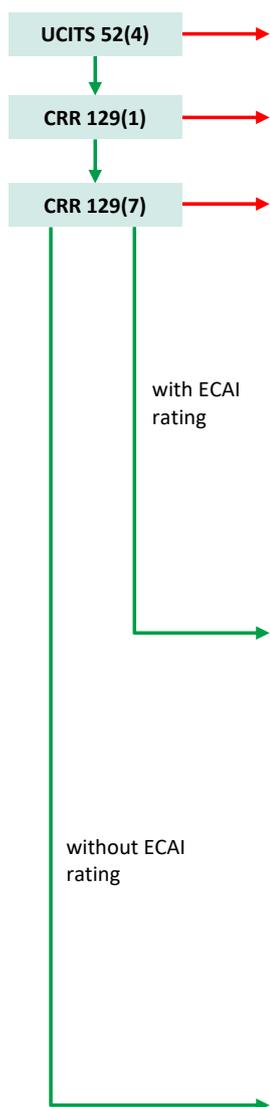

¹ Allocation of the risk weight here is based on the credit quality step of the central government in which the institution is domiciled

Source: Regulation 2016/1799, CRR, NORD/LB Markets Strategy & Floor Research

Failure to meet the necessary conditions leads to a risk weighting of at least 20%

In addition to the two possibilities that the necessary conditions of Article 52(4) of the UCITS Directive and those of Article 129(1) and (7) of the CRR are met, and (i) an assessment by an ECAI is available, or (ii) such an assessment is not available, there is also a classification system in the event that at least one of the three conditions is not met. This is relevant, for example, to issues from outside the EEA, where UCITS compliance does not exist. In this case, too, rating assessments play a crucial role and have a significant influence on the risk weighting to be applied. The decisive factor in this respect is no longer Article 129 CRR, but [Articles 120 and 121 CRR](#). The risk weighting must be determined on the basis of Article 120 if at least one ECAI assessment is available, while Article 121 deals with positions without an ECAI rating. Article 120 also makes a distinction between positions with a residual maturity of more than three months and those with a shorter maturity. Due to the long-term nature of covered bonds, however, we will only look at determining the risk weighting for maturities of more than three months. Covered bonds that do not meet the requirements of the three necessary conditions have a risk weighting of 20% if they have at least one recognised rating assessment at Credit Quality Step 1. This is also the lowest possible risk weighting for non-EEA bonds. If, on the other hand, an ECAI rating assessment is not available for the covered bonds, the relevant risk weighting is determined on the basis of the Credit Quality Step of the central government in which the issuer is domiciled; the risk weighting is higher compared with exposures to central governments in the investment-grade segment.

Determining covered bond risk weights

Risk weighting of covered bonds according to Articles 120 and 121 CRR: necessary conditions not met; with or without ECAI rating

Credit Quality Step	Covered bond rating or sovereign rating	Risk weighting of covered bonds; with rating	Risk weighting of covered bonds; without rating
1	AAA and AA segment	20%	20%
2	A segment	50%	50%
3	BBB segment	50%	100%
4	BB segment	100%	100%
5	B segment	100%	100%
6	≤CCC segment	150%	150%

Risk weighting of covered bonds according to Article 129(4) CRR: necessary conditions met; with ECAI rating

Credit Quality Step	Covered bond rating	Risk weighting of covered bonds; with rating
1	AAA and AA segment	10%
2	A segment	20%
3	BBB segment	20%
4	BB segment	50%
5	B segment	50%
6	≤CCC segment	100%

Risk weighting of covered bonds according to Article 129(5) CRR: necessary conditions met; without ECAI rating

Credit Quality Step	Senior unsecured rating	Risk weighting senior unsecured	Risk weighting of covered bonds; without rating
1	AAA and AA segment	20%	→ 10%
2	A segment	50%	→ 20%
3	BBB segment	50%	→ 20%
4	BB segment	100%	→ 50%
5	B segment	100%	→ 50%
6	≤CCC segment	150%	→ 100%

Covered bonds within the framework of LCR management

Authors: Melanie Kiene, CIAA // Dr Frederik Kunze

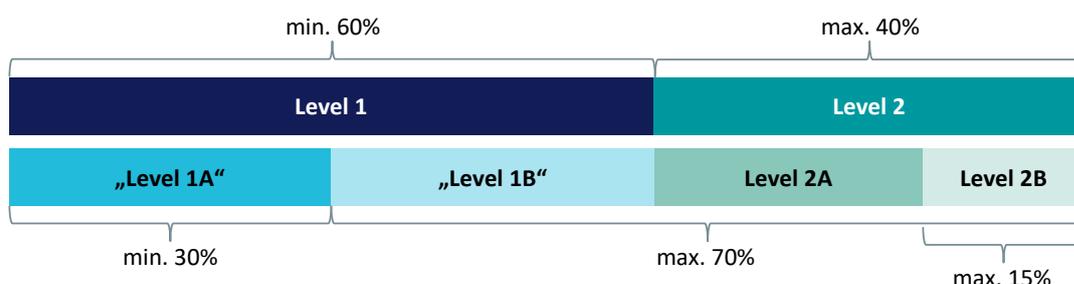

The LCR as liquidity coverage ratio in a stress scenario

Based on the CRR, the liquidity coverage ratio (LCR) requires credit institutions to hold high-quality liquid assets (HQLA) to compensate for potential net liquidity outflows within a 30-day stress scenario. The relevant requirements for this are laid down in [Delegated Regulation 2015/61](#); in particular, they specify the eligible assets and the structure of the liquidity buffer. Firstly, a distinction is made between Level 1 and Level 2 assets. Within Level 2, a further distinction is made between Level 2A and Level 2B assets. In addition to the allocation of eligible assets to the aforementioned Level categories, the market values of eligible assets are subject to haircuts in some cases; these are higher for units in undertakings for collective investment (UCI) ([see table: Eligible assets](#)).

LCR portion of covered bonds limited to 70%

With regard to the composition of the LCR portfolio, the requirements stipulate that at least 60% of the liquidity buffer must consist of Level 1 assets. Conversely, it follows that the proportion of Level 2 assets may not exceed 40%. In addition to this initially rough subdivision of the LCR portfolio, there are further restrictions on both Level 1 and Level 2. For example, at least 30% of the overall portfolio must consist of Level 1 assets, but these may not be Level 1 covered bonds. In market practice, a distinction is sometimes made within Level 1 between Level 1A and Level 1B assets (Level 1 covered bonds, since a haircut is mandatory), even if a linguistic distinction of this type does not exist either under the CRR or the LCR Regulation. Since Level 2B assets may account for not more than 15% of the total liquidity buffer, a distinction is also made within Level 2 with regard to the maximum proportion of the overall LCR portfolio. When using covered bonds in the LCR context, it can therefore be stated that they may total a maximum of 70% of the LCR portfolio. As no more than 40% of the total liquidity buffer may consist of Level 2 assets, 30% of the overall portfolio must comprise Level 1 covered bonds. In addition, a maximum of 15% of the assets may be covered bonds that comply with Level 2B according to the provisions of the Regulation.

Structure of the LCR portfolio

Source: LCR Regulation, NORD/LB Markets Strategy & Floor Research

Dynamic criteria for covered bonds under the LCR

While a large proportion of the assets eligible for LCR management are classified statically, covered bonds are subject to dynamic criteria. Over time, the allocation of an issue to a specific Level category may change, which in turn may lead to the need for constant monitoring. In practice, fulfilment of the transparency criteria laid down in [Article 129\(7\) of the Capital Requirements Regulation \(CRR\)](#) turns out to be the trouble spot. This is because an extensive audit must be carried out at least every six months on the investor side, in contrast to the criterion of over-collateralisation, for example. In addition to reviewing the information provided in cover pool reporting on outstanding covered bonds and their cover pools, the relevant ratings should also be constantly monitored with regard to the dynamic criteria for covered bonds, as rating changes of just one notch may have a direct impact on the LCR classification. In addition to the change in a rating, the addition or discontinuation of a rating assessment can also have an impact on the LCR classification. This is why we use not only the ratings of [Moody's](#), [Fitch](#) and [S&P](#), but also those of [DBRS](#).

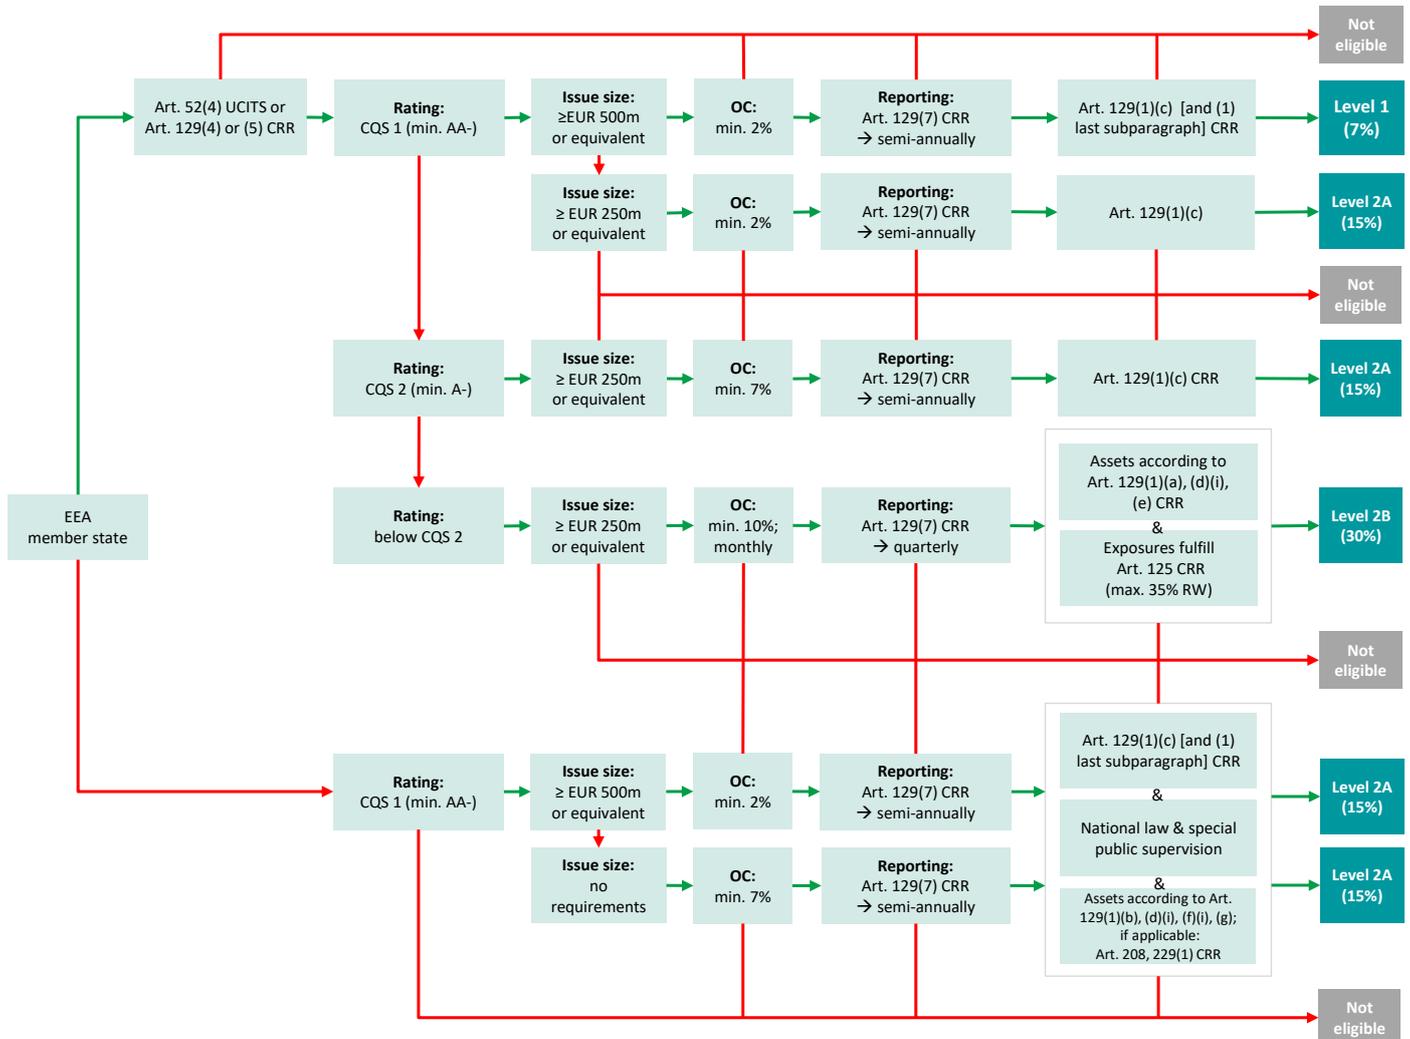

Table summarising the regulatory classification of covered bonds

In this study, we analyse the bonds listed in iBoxx EUR Covered and assign them to the LCR category that we believe to be relevant. We also assign them to the resulting haircut. For this purpose, we have reviewed the relevant pool reports to ensure that their content is complete on the basis of the provisions in Article 129(7) CRR and have summarised the results initially at [programme level](#). In addition to the links to the relevant reports on the issuers' websites, the list also includes the ratings provided by the rating agencies mentioned in the previous section, a statement on the legal framework for the issue, and the over-collateralisation of the relevant programme. Lastly, an even [more detailed overview](#) is provided by a table which, in addition to our assessment of the LCR level and the risk weighting according to CRR, contains further information at ISIN level. Since the Credit Quality Step (CQS) of the respective bond is relevant to assessing both the LCR level and the risk weighting, an assessment of this is also included in the list. In addition to the outstanding volume and the type of cover assets, the table also contains the repayment structure for a covered bond, including the possible maturity extension and the coupon payment during the extension period. While some privileges of covered bonds can be derived from the affiliation of the particular jurisdiction to a community of states, affiliations of this nature also result in obligations for national legislators. For example, issues from the European Economic Area (EEA) benefit from preferential regulatory treatment, while under CBPP3, only bonds from the Eurozone that meet certain requirements are purchased. At the same time, the member states of the EEA are obliged to implement certain regulatory requirements, for example in relation to harmonisation of the European covered bond market. For this reason, in the table below, we show the affiliation of an issue or issuer to the jurisdiction of the European Central Bank (Eurozone), to the European Economic Area and to the G10 countries (relevant, among other things, for repo eligibility in transactions with the ECB).

Numerous criteria for eligible covered bonds

As mentioned above, covered bonds may in principle reach any of the three LCR levels. At all events, there are numerous criteria that an issue must meet in order to achieve the status of an eligible asset. While non-compliance with some criteria automatically results in exclusion from eligible assets, other requirements take the form of scores or tiers. For example, covered bonds whose reporting does not comply with Article 129(7) CRR may under no circumstances be used as LCR assets. With regard to the issue volume or rating assessment, in contrast, the LCR system stipulates requirements in tiered form. This results in numerous paths on the way to the final LCR assessment of an issue. In order to approach this quite complex procedure, we will deal in the following with each of the eligibility criteria, which we have presented graphically in the form of a decision tree.

LCR classification of rated covered bonds (valid up to 07 July 2022)

Source: LCR Regulation, NORD/LB Markets Strategy & Floor Research

General distinction between EEA and non-EEA covered bonds

The requirements to be met by Level 1, Level 2A and Level 2B assets can be found in [Articles 10 to 12 of the LCR Regulation](#). Since the requirements of the Delegated Regulation are EEA-relevant, a general distinction is also made in the requirements for covered bonds between issues from the EEA and those issued by entities from third countries. For example, EEA bonds can generally be considered both as Level 1 assets and as the two subdivisions of Level 2. Covered bonds from third countries can only be assigned to Level 2A if they are eligible as LCR assets.

Article 52(4) UCITS Directive, Article 129(4) CRR and Article 129(5) CRR

Covered bonds from member states of the EEA must qualify for treatment under [Article 52\(4\) of the UCITS Directive](#) (Undertakings for Collective Investment in Transferable Securities, UCITS) or under [Article 129\(4\) or 129\(5\) CRR](#) in order to be eligible as an LCR asset. Article 52(4) of the UCITS Directive defines requirements to be met by bonds, according to which investment funds may hold a higher proportion of these securities in the fund's assets if certain conditions are met:

- i) The issuer is domiciled in the European Economic Area,
- ii) The issuer is subject to special public supervision,
- iii) The proceeds from the bond issue are invested in assets that adequately cover the liabilities arising from the bond during its entire term,
- iv) The assets are used primarily to service bond creditors in the event of issuer default.

In contrast, paragraphs 4 and 5 of Article 129 CRR describe the requirements to be met by covered bonds in order to benefit from a preferential risk weighting. Paragraph 4 deals with bonds that have a rating assessment, while paragraph 5 deals with bonds that do not have a rating. If a covered bond issued in the EEA does not meet the requirements of Article 52(4) of the UCITS Directive, Article 129(4) or Article 129(5) of the CRR, it cannot be used as HQLA in the context of LCR management.

Article 129(1)(c) CRR and Article 129(1) last subparagraph CRR

Article 129(1)(c) CRR is part of the requirements for eligible cover assets. Specifically, this concerns substitute assets in the form of exposures to credit institutions, which are generally limited to 15% of the outstanding covered bond volume. Exposures to institutions that qualify for Credit Quality Step 1 (CQS 1) are generally permitted. Exposures to institutions domiciled in the EEA with a maturity not exceeding 100 days are exempt from the credit quality requirements of CQS 1, but must as a minimum qualify for Credit Quality Step 2 (CQS 2). With the exception of Level 2B assets (where even stricter requirements apply), covered bonds must meet this requirement in order to be eligible as an LCR asset. The last subparagraph of Article 129(1) of the CRR is also relevant to Level 1 assets and assets from outside the EEA. This provision constitutes an exception, and consequently an easing of the requirements, with regard to Article 129(1)(c) of the CRR. As a result, after consultation with the EBA, the necessary condition that assets must comply with CQS 1 may be suspended. CQS 2 assets may account for up to 10% of the outstanding covered bonds if the requirement of Article 129(1)(c) would lead to a concentration risk, due to insufficient availability of potential assets within the Member State concerned.

Article 129(7) CRR: transparency requirements for covered bond programmes

The requirements laid down in Article 129(7) CRR relating to cover pool reporting must be met in order for the corresponding covered bonds to be used as HQLA in the context of LCR management. In order to benefit from preferential regulatory treatment, a covered bond investor must be able to demonstrate to the relevant supervisory authority that it has a minimum level of information regarding its investment. Accordingly, cover pool reporting must include at least the following information:

- i) Value of the cover pool and outstanding covered bonds,
- ii) The geographical distribution and type of cover assets, loan size, interest rate and currency risks,
- iii) The maturity structure of cover assets and covered bonds,
- iv) The percentage of loans more than ninety days past due.

In addition, this information must be provided at least semi-annually. In the case of Level 2B assets that have a rating below Credit Quality Step 2 or no rating assessment, reports must even be provided on a quarterly basis.

Credit Quality Steps as a vehicle for assessing creditworthiness

Rating assessments play a particularly important role in determining the LCR level of covered bonds. Credit assessments are taken into account with the help of the Credit Quality Step system, which is defined in [Regulation 2016/1799](#). A total of six different credit rating categories are assigned through ratings issued by recognised [External Credit Assessment Institutions \(ECAI\)](#) (see also: [Mapping of rating assessments](#)). While categories 1 to 3 are assigned to the investment grade segment, categories 4 to 6 are used for non-investment grade credit ratings. In principle, risk positions may have more than one ECAI rating. This means that if more than one rating is used to determine the Credit Quality Step, further mapping actions are necessary. Irrespective of the number of available ratings, [Article 138 CRR](#) is key to determining the Credit Quality Step. If two ECAI ratings are available for a risk position, the applicable rating shall be the one resulting in the higher of the two possible risk weightings, if the two ratings differ. A higher risk weighting is equivalent to a lower credit rating. In this respect, we understand an AA-equivalent rating to be lower than an AAA-equivalent rating. If more than two ratings are available for a risk position, the two ratings resulting in the lowest risk weighting, i.e. the two highest ratings, are applicable. If these two assessments differ from each other, the Credit Quality Step is determined on the basis of the rating (out of these two ratings) that results in the higher risk weighting. It follows from the requirements of Article 138 CRR that only the two highest ratings, if available, are relevant to determining the Credit Quality Step, even if a position has more than two recognised ratings. The resulting simplification of CQS provisions is shown in the following table; no distinction is made with regard to the rating grades of individual agencies. Mapping of these equivalence ratings is shown in the [Mapping of rating assessments](#) table.

Determining the Credit Quality Step for more than one recognised rating assessment

Rating 1 \ Rating 2		CQS 1				CQS 2			CQS 3		
		AAA	AA+	AA	AA-	A+	A	A-	BBB+	BBB	BBB-

LCR-eligible covered bonds and credit assessments

As regards ratings, covered bonds also have to fulfil certain requirements in order to be deemed LCR-eligible. Only level 2B covered bonds are not subject to any requirements in terms of credit ratings. For the remaining levels, a distinction can firstly be made between covered bonds with or without a corresponding ECAI rating. Especially when combined with the issuance volume requirements for LCR-eligible covered bonds, it can be said that unrated covered bonds in the publicly placed benchmark/sub-benchmark bond segment are comparatively rare. However, the LCR directive does provide an option for acquiring status as an LCR asset in these cases. Given the limited prevalence of such securities, we shall look at the system for unrated papers in the next but one paragraph, merely for the sake of completeness, and then, for reasons of market practice, concentrate solely on rated covered bonds.

Rating requirements for covered bonds with ECAI rating

With regard to the rating requirements for covered bonds, a fundamental distinction must first be made between issues from third countries and those from the EEA. While covered bonds issued by a third country issuer must comply with Credit Quality Step 1 in order to be classified as an eligible asset for the purposes of LCR management, EEA bonds are not subject to a mandatory requirement of this type. Instead, in the case of issues from the EEA, creditworthiness is taken into account as a criterion in three tiers. In order to be classified as a Level 1 asset, bonds must meet the requirements of CQS 1. Nevertheless, being included as a CQS 1 asset does not automatically lead to classification as a Level 1 asset, as the issue must also have a volume of at least EUR 500m and feature overcollateralisation of 2%. If, on the other hand, it is a sub-benchmark issue (EUR 250m ≤ bond < EUR 500m), a CQS 1 assessment only results in Level 2A classification. The same applies to CQS 2 sub-benchmarks that are overcollateralised by a minimum of 7% instead of 2%. Covered bonds with a rating below Credit Quality Step 2 or without a rating can only be assigned to Level 2B.

Requirements for covered bonds without an ECAI rating

Covered bonds without an ECAI rating can also be classified as LCR level under certain conditions. In the event that an issue does not have an ECAI rating, the [LCR directive](#) always refers to Article 129(5) CRR, which is used to [determine the risk weightings of unrated covered bonds](#). In our opinion, however, in the case of determining the LCR level, Article 129(5) CRR must be considered separately from the other requirements of Article 129 CRR, since this Article is also decisive for covered bonds from third countries. Risk weights continue to be determined based on Article 129 CRR as a whole. If an EEA issue does not have a rating, but meets the other requirements, the bond can still be classified as level 1 if it is assigned a risk weighting of 10% according to the provisions of Article 129(5) CRR. A preferential risk weighting of 10% therefore acts as a substitute for a CQS 1 ECAI rating. The same applies to issues from third countries, since they also have to conform to CQS 1 for this rating, but, compared with EEA bonds, can only reach level 2A. Conversely, if a rating is required that can at least be attributed to CQS 2, an unrated covered bond must be assigned a risk weighting of 20% under Article 129(5).

Issue volume: different treatment of EEA and non-EEA bonds

Certain requirements must also be met with regard to the issue volume of a bond, but these also have different implications. For example, in order to be Level 1 eligible, the issue size of EEA bonds must be at least EUR 500m or its equivalent in foreign currency. In order to remain eligible as a Level 2 (2A or 2B) asset, the volume must be at least EUR 250m or equivalent. Conversely, bonds issued by issuers domiciled outside the EEA are not subject to any special issue volume requirements. In the case of issues with an equivalent volume of at least EUR 500m, however, they benefit from preferential treatment with regard to the required overcollateralisation (2% overcollateralisation instead of 7%). While EEA bonds must therefore have a minimum volume of EUR 250m in order to be recognised as an LCR asset, this requirement does not apply to covered bonds from third countries. In general, all requirements relating to the issue volume refer to a figure that is equivalent to the required EUR volume.

Overcollateralisation: three different minimum levels of overcollateralisation

As the core characteristic of a covered bond, great importance is attached to the level of overcollateralisation, also in relation to its eligibility as an LCR asset. The LCR Regulation distinguishes between the three overcollateralisation levels: i) 2%, ii) 7% and iii) 10%. A minimum overcollateralisation of 2% is required in cases where the issue volume of EEA and non-EEA CQS 1 bonds is at least EUR 500m. In addition, CQS 2 sub-benchmarks from the EEA are also LCR-eligible, starting from an overcollateralisation rate of 2%. However, if the volume required for non-EEA bonds is less than EUR 500m, overcollateralisation of 7% is required. The same applies to EEA bonds of CQS 2 level that are assigned to the sub-benchmark format. Since Level 2B covered bonds, as mentioned above, do not necessarily need to have a rating assessment, these assets are subject to increased requirements. In addition to quarterly reporting, they must also have overcollateralisation of at least 10%. Furthermore, compliance with the overcollateralisation requirement must be disclosed by the issuer on a monthly basis.

Special requirements for third-country issues

Non-EEA bonds, like Level 2B covered bonds, must meet additional requirements to be recognised as an LCR asset. Article 11 of the LCR Regulation stipulates that bonds from outside the EEA must be issued in accordance with the national legislation of the third country. The issuer must also be a credit institution or a wholly owned subsidiary of a credit institution which guarantees the issue. In addition, the bond must have dual recourse, i.e. enable investors to have recourse to the cover pool in the event of the issuer's insolvency. In addition, the issuer and the covered bonds must be subject to separate supervision; these arrangements must be at least equivalent to those applied in the EEA. Like Level 1 and 2A EEA bonds, third-country issues must meet the requirements of Article 129(1)(c) CRR, but at the same time, like Level 1 covered bonds, may also benefit from the exemptions in the last subparagraph of Article 129(1). In addition, cover assets for bonds not issued in the EEA are limited to assets referred to in Article 129(1)(b), (d)(i), (f)(i) and (g). While section (d)(i) is already relevant to Level 2B covered bonds, the remaining sections are requirements that must be met solely by non-EEA bonds. Overall, in addition to the assets referred to in Article 129(1)(c) and (1) last subparagraph, the eligible cover assets of issues from third countries include residential property (section d(i)), commercial immovable property (section f(i)) and loans secured by maritime liens on ships (section g). Collateralisation by public-sector collateral is also possible and follows the requirements specified in Article 129(1)(b). Accordingly, exposures to central governments and central banks from third countries, multilateral development banks and international organisations that qualify for Credit Quality Step 1 are eligible, as well as risk positions guaranteed by these institutions. In addition, exposures to public sector entities as well as regional or local authorities are also eligible if they meet further requirements. If, on the other hand, risk positions that qualify as Credit Quality Step 2 are involved, the share of these assets is limited to 20% of the cover pool. Where cover assets are loans secured by immovable property, the requirements of Articles 208 and 229(1) CRR must also be met.

Additional requirements for Level 2B covered bonds

Although Level 2B covered bonds are regarded as HQLA, they differ from Level 1 and 2A assets in terms of quality and/or liquidity. This is why the regulator has formulated additional requirements in this regard. As a result, the cover assets in question are limited to those referred to in Article 129(1)(a), (d)(i) and (e). Paragraph 1(a) includes exposures to the public sector within Member States, consisting of (i) central governments; (ii) ESCB central banks (European System of Central Banks); (iii) public sector entities; or (iv) regional governments or local authorities. Furthermore, these assets are eligible as cover assets for Level 2B covered bonds that are guaranteed by one of the aforementioned institutions. For covered bonds backed by residential property assets, Article 129(1)(d)(i) is also relevant as it lays down the requirements for this form of cover asset. Section (e) also deals with requirements to be met by residential property assets. EEA covered bonds with a rating lower than CQS 2 (or without a rating) may additionally only have cover assets that allow a risk weighting of 35% or lower. Article 125 CRR allows a 35% risk weighting for exposures that are fully collateralised by residential property which is or shall be occupied or let by the owner.

LCR management: eligible assets: Level 1

Level 1 assets (in accordance with Article 10 LCR Regulation)		Haircut (for units in UCIs)
a)	Coins and banknotes	- (-)
b)	Following exposures to central banks: <ul style="list-style-type: none"> i) Assets representing claims on or guaranteed by the ECB or an EEA member state's central bank ii) Assets representing claims on or guaranteed by central banks of third countries, provided that they are rated as Credit Quality Step 1 by ECAI iii) Reserves held by the credit institution in a central bank referred to in points (i) and (ii) provided that the credit institution is permitted to withdraw such reserves at any time during stress periods and the conditions for such withdrawal have been specified in an agreement between the relevant competent authority and the ECB or the central bank 	- (-)
c)	Assets representing claims on or guaranteed by the following central or regional governments, local authorities or public sector entities: <ul style="list-style-type: none"> i) Central government of an EEA member state ii) Central government of a third country, provided that it is rated at least Credit Quality Step 1 by ECAI iii) Regional governments or local authorities or public sector entities in an EEA member state, provided that they are treated as exposures to the central government of the EEA member state (i.e. risk weighting of 0%) iv) Regional governments or local authorities in a third country of the type referred to in (ii), provided that they are treated as exposures to the central government of the third country (i.e. same risk weighting as central government [0%]) v) Public sector entities, provided that they are treated as exposures to the central government of an EEA member state or to one of the regional governments or local authorities referred to in (iii) (i.e. same risk weighting of 0%) 	- (5%)
d)	<ul style="list-style-type: none"> i) Assets representing claims on or guaranteed by the central government or the central bank of a third country with a lower rating than AA-, provided certain conditions are met ii) reserves held by the credit institution in a central bank pursuant to (i) and meeting certain conditions 	- (5%)
e)	Assets issued by credit institutions which meet at least one of the following requirements: <ul style="list-style-type: none"> (i) The issuer is a credit institution incorporated or established by the central government of an EEA member state or the regional government or local authority in an EEA member state, the government or local authority is under the legal obligation to protect the economic basis of the credit institution and maintain its financial viability throughout its life-time and any exposure to that regional government or local authority, if applicable, is treated as an exposure to the central government of the EEA member state (i.e. risk weighting of 0%); (ii) The credit institution provides promotional loans, within the meaning of Article 10(1)(e)(ii). 	-(5%)
f)	Certain covered bonds from the EEA which meet the following criteria, among other requirements: <ul style="list-style-type: none"> i) Covered bonds within the meaning of Article 52(4) of the UCITS Directive or Article 129(4) or (5) CRR ii) Substitute Assets meet the requirements of Article 129(1)(c) and 129(1) CRR last subparagraph iii) Semi-annual reporting in accordance with Article 129(7) CRR iv) Issue size of at least EUR 500m or the equivalent amount in domestic currency v) Rating: CQS 1 by ECAI; no Rating: 10% risk weight according to Art. 129(5) CRR vi) Overcollateralisation of at least 2% 	7% (12%)
g)	Assets representing claims on or guaranteed by the multilateral development banks and the international organisations referred to in Article 117(2) and Article 118, respectively, of Regulation (EU) No. 575/2013	- (5%)

LCR management: eligible assets: Level 2A and 2B

Level 2A assets (in accordance with Article 11 LCR Regulation)		Haircut (for units in UCIs)
a)	Assets representing claims on or guaranteed by regional governments, local authorities or public sector entities in an EEA member state, where exposures to them are assigned a risk weighting of 20%	15% (20%)
b)	Assets representing claims on or guaranteed by the central government or the central bank of a third country or by a regional government, local authority or public sector entity in a third country, where exposures to them are assigned a risk weighting of 20%	15% (20%)
c)	Certain covered bonds from the EEA which meet the following criteria, among other requirements: <ul style="list-style-type: none"> i) Covered bonds within the meaning of Article 52(4) UCITS or Article 129(4) or (5) CRR ii) Substitute assets meet the requirements of Article 129(1)(c) CRR iii) Semi-annual reporting in accordance with Article 129(7) CRR iv) Issue size of at least EUR 250m or the equivalent amount in domestic currency v) Rating: min. CQS 2 by ECAI; no Rating: 20% risk weight according to Art. 129(5) CRR vi) Overcollateralisation of at least 7%; min. 2% if CQS 1 rating is applicable 	15% (20%)
d)	Certain covered bonds issued by credit institutions in third countries which meet the following criteria, among other requirements: <ul style="list-style-type: none"> i) Issued by a credit institution, or by a wholly owned subsidiary of a credit institution which guarantees the issue, in accordance with the national law of the third country ii) Issuer and bonds are subject to special public supervision equivalent to that applied in the EEA iii) Cover assets comply with Article 129(1)(b), (d)(i), (f)(i) or (g) CRR iv) Substitute assets meet the requirements of last subparagraph in Article 129(1)(c) and 129(1) CRR v) Semi-annual reporting in accordance with Article 129(7) CRR vi) Rating: CQS 1 by ECAI; no Rating: 10% risk weight according to Art. 129(5) CRR vii) Overcollateralisation of at least 7%; minimum 2% with value of at least EUR 500m or equivalent 	15% (20%)
e)	Corporate bonds which meet all of the following requirements: <ul style="list-style-type: none"> (i) Minimum rating: Credit Quality Step 1 by ECAI (ii) Issue size of at least EUR 250m or equivalent in domestic currency (iii) Residual term to maturity of the securities at the time of issuance is max. 10 years 	15% (20%)
Level 2B assets (in accordance with Article 12 LCR Regulation)		Haircut (for units in UCIs)
a)	Exposures in the form of ABS under certain conditions	25/35% (30/40%)
b)	Corporate bonds which meet all of the following requirements: <ul style="list-style-type: none"> (i) Minimum rating: Credit Quality Step 3 by ECAI (ii) Issue size of at least EUR 250m or equivalent in domestic currency (iii) Residual term to maturity of the securities at the time of issuance is max. 10 years 	50% (55%)
c)	Shares, provided that they meet certain conditions	50% (55%)
d)	Restricted-use committed liquidity facilities provided by the ECB, the central bank of an EEA member state or, under certain conditions, a third country	-
e)	Certain covered bonds from the EEA which meet the following criteria, among other requirements: <ul style="list-style-type: none"> i) Covered bonds within the meaning of Article 52(4) UCITS or Article 129(4) or (5) CRR ii) & iii) Quarterly reporting in accordance with Article 129(7) CRR iv) Issue size of at least EUR 250m or the equivalent amount in domestic currency v) Cover assets comply with Article 129(1)(a), (d)(i) or (e) CRR vi) Cover assets are assigned a risk weighting of max. 35% in accordance with Art. 125 CRR vii) & viii) Monthly disclosure regarding overcollateralisation of min. 10% 	30% (35%)
f)	Exemption for religiously observant credit institutions: certain non-interest-bearing assets	50% (55%)

Disclaimer

The present report (hereinafter referred to as “information”) was drawn up by **NORDDEUTSCHE LANDESBANK GIROZENTRALE (NORD/LB)**. The supervisory authorities responsible for NORD/LB are the **European Central Bank (ECB), Sonnemannstraße 20, D-60314 Frankfurt am Main, and the Federal Financial Supervisory Authority in Germany (Bundesanstalt für Finanzdienstleistungsaufsicht; BaFin), Graurheindorfer Str. 108, D-53117 Bonn and Marie-Curie-Str. 24-28, D-60439 Frankfurt am Main**. The present report and the products and services described herein have not been reviewed or approved by the relevant supervisory authority.

The present information is addressed exclusively to Recipients in Austria, Belgium, Canada, Cyprus, the Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Indonesia, Ireland, Italy, Japan, Korea, Luxembourg, the Netherlands, New Zealand, Poland, Portugal, Singapore, Portugal, Spain, Sweden, Switzerland, the Republic of China (Taiwan), Thailand, the United Kingdom and Vietnam (hereinafter referred to as “Relevant Persons” or “Recipients”). The contents of the information are disclosed to the Recipients on a strictly confidential basis and, by accepting such information, the Recipients shall agree that they will not forward it to third parties, copy and/or reproduce this information without the prior written consent of NORD/LB. The present information is addressed solely to the Relevant Persons and any parties other than the Relevant Persons shall not rely on the information contained herein. In particular, neither this information nor any copy thereof shall be forwarded or transmitted to the United States of America or its territories or possessions, or distributed to any employees or affiliates of Recipients resident in these jurisdictions.

The present information does not constitute financial analysis within the meaning of Art. 36 (1) of the Delegate Regulation (EU) 2017/565, but rather represents a marketing communication for your general information within the meaning of Art. 36 (2) of this Regulation. Against this background, NORD/LB expressly points out that this information has not been prepared in accordance with legal provisions promoting the independence of investment research and is not subject to any prohibition of trading following the dissemination of investment research. Likewise, this information does not constitute an investment recommendation or investment strategy recommendation within the meaning of the Market Abuse Regulation (EU) No. 596/2014.

This report and the information contained herein have been compiled and are provided exclusively for information purposes. The present information is not intended as an investment incentive. It is provided for the Recipient’s personal information, subject to the express understanding, which shall be acknowledged by the Recipient, that it does not constitute any direct or indirect offer, recommendation, solicitation to purchase, hold or sell or to subscribe for or acquire any securities or other financial instruments nor any measure by which financial instruments might be offered or sold.

All actual details, information and statements contained herein were derived from sources considered reliable by NORD/LB. For the preparation of this information, NORD/LB uses issuer-specific financial data providers, own estimates, company information and public media. However, since these sources are not verified independently, NORD/LB cannot give any assurance as to or assume responsibility for the accuracy and completeness of the information contained herein. The opinions and prognoses given herein on the basis of these sources constitute a non-binding evaluation of the employees of the Markets Strategy & Floor Research division of NORD/ LB. Any changes in the underlying premises may have a material impact on the developments described herein. Neither NORD/LB nor its governing bodies or employees can give any assurances as to or assume any responsibility or liability for the accuracy, appropriateness and completeness of this information or for any loss of return, any indirect, consequential or other damage which may be suffered by persons relying on the information or any statements or opinions set forth in the present Report (irrespective of whether such losses are incurred due to any negligence on the part of these persons or otherwise).

Past performance is not a reliable indicator of future performance. Exchange rates, price fluctuations of the financial instruments and similar factors may have a negative impact on the value and price of and return on the financial instruments referred to herein or any instruments linked thereto. Fees and commissions apply in relation to securities (purchase, sell, custody), which reduce the return on investment. An evaluation made on the basis of the historical performance of any security does not necessarily provide an indication of its future performance.

The present information neither constitutes any investment, legal, accounting or tax advice nor any assurance that an investment or strategy is suitable or appropriate in the light of the Recipient’s individual circumstances, and nothing in this information constitutes a personal recommendation to the Recipient thereof. The securities or other financial instruments referred to herein may not be suitable for the Recipient’s personal investment strategies and objectives, financial situation or individual needs.

Moreover, the present report in whole or in part is not a sales or other prospectus. Accordingly, the information contained herein merely constitutes an overview and does not form the basis for any potential decision to buy or sell on the part of an investor. A full description of the details relating to the financial instruments or transactions which may relate to the subject matter of this report is given in the relevant (financing) documentation. To the extent that the financial instruments described herein are NORD/LB’s own issues and subject to the requirement to publish a prospectus, the conditions of issue applicable to any individual financial instrument and the relevant prospectus published with respect thereto as well NORD/LB’s relevant registration form, all of which are available for download at www.nordlb.de and may be obtained free of charge from NORD/LB, Georgsplatz 1, 30159 Hanover, shall be solely binding. Furthermore, any potential investment decision should be made exclusively on the basis of such (financing) documentation. The present information cannot replace personal advice. Before making an investment decision, each Recipient should consult an independent investment adviser for individual investment advice with respect to the appropriateness of an investment in financial instruments or investment strategies subject to this information as well as for other and more recent information on certain investment opportunities.

Each of the financial instruments referred to herein may involve substantial risks, including capital, interest, index, currency and credit risks in addition to political, fair value, commodity and market risks. The financial instruments could experience a sudden and substantial deterioration in value, including a total loss of the capital invested. Each transaction should only be entered into on the basis of the relevant investor’s assessment of his or her individual financial situation as well as of the suitability and risks of the investment.

NORD/LB and its affiliated companies may participate in transactions involving the financial instruments described in the present information or their underlying basis values for their own account or for the account of third parties, may issue other financial instruments with the same or similar features as those of the financial instruments presented in this information and may conduct hedging transactions to hedge positions. These measures may affect the price of the financial instruments described in the present information.

If the financial instruments presented in this information are derivatives, they may, depending on their structure, have an initial negative market value from the customer's perspective at the time the transaction is concluded. NORD/LB further reserves the right to transfer its economic risk from a derivative concluded with it to a third party on the market by means of a mirror-image counter transaction.

More detailed information on any commission payments which may be included in the selling price can be found in the "Customer Information on Securities Business" brochure, which is available to download at www.nordlb.de.

The information contained in the present report replaces all previous versions of corresponding information and refers exclusively to the time of preparation of the information. Future versions of this information will replace this version. NORD/LB is under no obligation to update and/or regularly review the data contained in such information. No guarantee can therefore be given that the information is up-to-date and continues to be correct.

By making use of this information, the Recipient shall accept the terms and conditions outlined above.

NORD/LB is a member of the protection scheme of Deutsche Sparkassen-Finanzgruppe. Further information for the Recipient is indicated in clause 28 of the General Terms and Conditions of NORD/LB or at www.dsgv.de/sicherungssystem.

Additional information for Recipients in Australia:

NORD/LB IS NOT A BANK OR DEPOSIT TAKING INSTITUTION AUTHORISED UNDER THE 1959 BANKING ACT OF AUSTRALIA. IT IS NOT SUPERVISED BY THE AUSTRALIAN PRUDENTIAL REGULATION AUTHORITY.

NORD/LB does not provide personal advice with this information and does not take into account the objectives, financial situation or needs of the Recipient (other than for the purpose of combating money laundering).

Additional information for Recipients in Austria:

None of the information contained herein constitutes a solicitation or offer by NORD/LB or its affiliates to buy or sell any securities, futures, options or other financial instruments or to participate in any other strategy. Only the published prospectus pursuant to the Austrian Capital Market Act should be the basis for any investment decision of the Recipient.

For regulatory reasons, products mentioned herein may not be on offer in Austria and therefore not available to investors in Austria. Therefore, NORD/LB may not be able to sell or issue these products, nor shall it accept any request to sell or issue these products to investors located in Austria or to intermediaries acting on behalf of any such investors.

Additional information for Recipients in Belgium:

Evaluations of individual financial instruments on the basis of past performance are not necessarily indicative of future results. It should be noted that the reported figures relate to past years.

Additional information for Recipients in Canada:

This report has been prepared solely for information purposes in connection with the products it describes and should not, under any circumstances, be construed as a public offer or any other offer (direct or indirect) to buy or sell securities in any province or territory of Canada. No financial market authority or similar regulatory body in Canada has made any assessment of these securities or reviewed this information and any statement to the contrary constitutes an offence. Potential selling restrictions may be included in the prospectus or other documentation relating to the relevant product.

Additional information for Recipients in Cyprus:

This information constitutes an analysis within the meaning of the section on definitions of the Cyprus Directive D1444-2007-01 (No. 426/07). Furthermore, this information is provided for information and promotional purposes only and does not constitute an individual invitation or offer to sell, buy or subscribe to any investment product.

Additional information for Recipients in the Czech Republic:

There is no guarantee that the invested amount will be recouped. Past returns are no guarantee of future results. The value of the investments may rise or fall. The information contained herein is provided on a non-binding basis only and the author does not guarantee the accuracy of the content.

Additional information for Recipients in Denmark

This Information does not constitute a prospectus under Danish securities law and consequently is not required to be, nor has been filed with or approved by the Danish Financial Supervisory Authority, as this Information either (i) has not been prepared in the context of a public offering of securities in Denmark or the admission of securities to trading on a regulated market within the meaning of the Danish Securities Trading Act or any executive orders issued pursuant thereto, or (ii) has been prepared in the context of a public offering of securities in Denmark or the admission of securities to trading on a regulated market in reliance on one or more of the exemptions from the requirement to prepare and publish a prospectus in the Danish Securities Trading Act or any executive orders issued pursuant thereto.

Additional information for Recipients in Estonia

It is advisable to closely examine all the terms and conditions of the services provided by NORD/LB. If necessary, Recipients of this information should consult an expert.

Additional information for Recipients in Finland

The financial products described herein may not be offered or sold, directly or indirectly, to any resident of the Republic of Finland or in the Republic of Finland, except pursuant to applicable Finnish laws and regulations. Specifically, in the case of shares, such shares may not be offered or sold, directly or indirectly, to the public in the Republic of Finland as defined in the Finnish Securities Market Act (746/2012, as amended). The value of investments may go up or down. There is no guarantee of recouping the amount invested. Past performance is no guarantee of future results.

Additional information for Recipients in France

NORD/LB is partially regulated by the “Autorité des Marchés Financiers” for the conduct of French business. Details concerning the extent of our regulation by the respective authorities are available from us on request.

The present information does not constitute an analysis within the meaning of Article 24 (1) Directive 2006/73/EC, Article L.544-1 and R.621-30-1 of the French Monetary and Financial Code, but does represent a marketing communication and does qualify as a recommendation pursuant to Directive 2003/6/EC and Directive 2003/125/EC.

Additional information for Recipients in Greece

The information contained herein gives the view of the author at the time of publication and may not be used by its Recipient without first having confirmed that it remains accurate and up to date at the time of its use.

Past performance, simulations or forecasts are therefore not a reliable indicator of future results. Investment funds have no guaranteed performance and past returns do not guarantee future performance.

Additional information for Recipients in Indonesia

This report contains generic information and has not been tailored to the circumstances of any individual or specific Recipient. This information is part of NORD/LB’s marketing material.

Additional information for Recipients in the Republic of Ireland

This information has not been prepared in accordance with Directive (EU) 2017/1129 (as amended) on prospectuses (the “Prospectus Directive”) or any measures made under the Prospectus Directive or the laws of any Member State or EEA treaty adherent state that implement the Prospectus Directive or such measures and therefore may not contain all the information required for a document prepared in accordance with the Prospectus Directive or the laws.

Additional information for Recipients in Japan:

This information is provided to you for information purposes only and does not constitute an offer or solicitation of an offer to enter into securities transactions or commodity futures transactions. Although the actual data and information contained herein has been obtained from sources which we believe to be reliable and trustworthy, we are unable to vouch for the accuracy and completeness of this actual data and information.

Additional information for Recipients in South Korea

This information has been provided to you free of charge for information purposes only. The information contained herein is factual and does not reflect any opinion or judgement of NORD/LB. The information contained herein should not be construed as an offer, marketing, solicitation to submit an offer or investment advice with respect to the financial investment products described herein.

Additional information for Recipients in Luxembourg

Under no circumstances shall the present information constitute an offer to purchase or issue or the solicitation to submit an offer to buy or subscribe for financial instruments and financial services in Luxembourg.

Additional information for Recipients in New Zealand:

NORD/LB is not a bank registered in New Zealand. This information is for general information only. It does not take into account the Recipient’s financial situation or objectives and is not a personalised financial advisory service under the 2008 Financial Advisers Act.

Additional information for Recipients in the Netherlands:

The value of your investment may fluctuate. Past performance is no guarantee for the future.

Additional information for Recipients in Poland

This information does not constitute a recommendation within the meaning of the Regulation of the Polish Minister of Finance Regarding Information Constituting Recommendations Concerning Financial Instruments or Issuers thereof dated 19 October 2005.

Additional information for Recipients in Portugal

This information is intended only for institutional clients and may not be (i) used by, (ii) copied by any means or (iii) distributed to any other kind of investor, in particular not to retail clients. The present information does not constitute or form part of an offer to buy or sell any of the securities covered by the report, nor should it be understood as a request to buy or sell securities where that practice may be deemed unlawful. The information contained herein is based on information obtained from sources which we believe to be reliable, but is not guaranteed as to accuracy or completeness. Unless otherwise stated, all views contained herein relate solely to our research and analysis and are subject to change without notice.

Additional information for Recipients in Sweden

This information does not constitute (or form part of) a prospectus, offering memorandum, any other offer or solicitation to acquire, sell, subscribe for or otherwise trade in shares, subscription rights or other securities, nor shall it or any part of it form the basis of or be relied on in connection with any contract or commitment whatsoever. The present information has not been approved by any regulatory authority. Any offer of securities will only be made pursuant to an applicable prospectus exemption under the EC Prospectus Directive (Directive (EU) 2017/1129), and no offer of securities is being directed to any person or investor in any jurisdiction where such action is wholly or partially subject to legal restrictions or where such action would require additional prospectuses, other offer documentation, registrations or other actions.

Additional information for Recipients in Switzerland

This information has not been approved by the Federal Banking Commission (merged into the Swiss Financial Market Supervisory Authority (FINMA) on 1 January 2009). NORD/LB will comply with the Directives of the Swiss Bankers Association on the Independence of Financial Research (as amended). The present information does not constitute an issuing prospectus pursuant to article 652a or article 1156 of the Swiss Code of Obligations. The information is published solely for the purpose of information on the products mentioned herein. The products do not qualify as units of a collective investment scheme pursuant to the Federal Act on Collective Investment Schemes (CISA) and are therefore not subject to supervision by FINMA.

Additional information for Recipients in Singapore:

This information is directed only at accredited investors or institutional investors under the Securities and Futures Act in Singapore. This information is intended for general distribution only. It does not constitute investment advice and does not take into account the specific investment objectives, financial situation or particular needs of the Recipient. It is recommended that advice be obtained from a financial adviser regarding the suitability of the investment product in light of the specific investment objectives, financial situation and special needs of the Recipient before agreeing to purchase the investment product.

Additional information for Recipients in the Republic of China (Taiwan)

This information is provided for general information only and does not take into account the individual interests or requirements, financial status and investment objectives of any specific investor. Nothing herein should be construed as a recommendation or advice for you to subscribe to a particular investment product. You should not rely solely on the information provided herein when making your investment decisions. When considering any investment, you should endeavour to make your own independent assessment and determination on whether the investment is suitable for your needs and seek your own professional financial and legal advice.

NORD/LB has taken all reasonable care in producing this report and trusts that the information is reliable and suitable for your situation at the date of publication or delivery. However, no guarantee of accuracy or completeness is given. To the extent that NORD/LB has exercised the due care of a good administrator, we accept no responsibility for any errors, omissions, or misstatements in the information given. NORD/LB does not guarantee any investment results and does not guarantee that the strategies employed will improve investment performance or achieve your investment objectives.

Information for Recipients in the United Kingdom:

NORD/LB is subject to partial regulation by the Financial Conduct Authority (FCA) and the Prudential Regulation Authority (PRA). Details of the scope of regulation by the FCA and the PRA are available from NORD/LB on request. The present information is "financial promotion". Recipients in the United Kingdom should contact the London office of NORD/LB, Investment Banking Department, telephone: 0044 / 2079725400, in the event of any queries. An investment in financial instruments referred to herein may expose the investor to a significant risk of losing all the capital invested.
